

# CAPABILITY STATEMENT

## COMPANY OVERVIEW

We provide comprehensive, professional security solutions designed to protect people, property, and critical assets across a wide range of environments. From on-site guarding and mobile patrols to alarm response and remote surveillance, we deliver continuous coverage, rapid incident response, and proactive threat deterrence. By combining highly trained security personnel, proven operational procedures, and modern monitoring capabilities, we ensure safe, secure, and well-managed facilities, day and night.

## CORE COMPETENCIES

- On-Site Guarding & Facility Protection:** We provide trained security officers to maintain a strong on-site presence, enforce policies, control access, and protect buildings, grounds, personnel, and assets.
- Perimeter Control, Access & Visitor Management:** We manage secured entry points through credential verification, visitor screening, traffic control, and perimeter monitoring to prevent unauthorized access.
- Mobile & Roving Patrol Services:** We deliver scheduled and randomized vehicle and foot patrols to deter threats, monitor large or multi-site properties, and provide rapid response.
- Surveillance, Monitoring & Alarm Response:** We provide end-to-end surveillance solutions, including the installation, integration, and monitoring of security cameras (CCTV), access control systems, intrusion alarms, and related security technologies. Our services include physical and remote camera monitoring, alarm response, and continuous observation to maintain situational awareness.
- Emergency Watch, Incident Response & Risk Mitigation:** We respond to emergencies, fire watch requirements, and incidents with immediate action, documentation, and proactive measures to reduce risk and ensure safety.
- Event, Temporary & After-Hours Security Coverage:** We offer surveillance solutions for events, construction sites, and after-hours operations, providing reliable protection during high-risk or non-standard periods.
